TO: Commanding Officer - Austria

FROM: Security Control Division

SUBJECT: [REDACTED]

REMARKS: Yugoslavs in Austria.

1. Reference is made to KTB-82, subject: NSA Intelligence Plans, distributed 11 Mar 47, source GRUBOV.

2. We are passing on to you incidental information which may be applicable to para. 4 which states that GRUBOV had recently received a message from the "Americans in Austria" requesting them to cooperate with the U. S. Intelligence Service, specifically "as commanded by General DONOVAN." This message was sent by Major MILOVANOVICH. The field comment went on to say that this was evidently Special Agent George MILOVANOVICH of GTO Salzburg. The Major MILOVANOVICH had gotten this message through a Dr. YAROVICH who recently arrived in Trieste from Markt Pongau. In connection with all this, STONE was planning to go to Austria. We are transmitting the following for your information.

3. The heading MILOVANOVICH appears in our records as a sub-agent of LARA YAROVICH, who was in turn a sub-agent of KILAT. (See Names, KIS and KIS from Austria to Washington 24 Mar 46.)

We received no information on these personalities other than that they were persons concerned in old or type Austrian cases. Names, KIS and KIS transmitted names of such agents or sources and their respective cryptonyms and numbers.

4. We pass the above on to you because of the similarities of the MILOVANOVICH and MILOVANOVICH names, and because of the phonetic resemblance of YAROVICH to YAROVICH.

5. Therefore, there is a possibility that the MILOVANOVICH is not concerned and this incident may be a hangover from old operations in Austria.
